

Diesel Mechanic & Light Vehicle Mechanic

We are currently seeking an experienced Diesel Qualified Mechanic or Mature Age Apprentice to join our team working within busy mechanical workshop, completing mechanical fault finding and mechanical repairs of prime movers and trailers - in Inverell, Northern NSW.

You will require:

- Strong commitment to safety - no short cuts
- Ability to work unsupervised
- Experience in road transport vehicle repairs (highly regarded)
- Availability to work Saturdays – when required
- Log book servicing, repairs and inspections on light vehicles
- Perform routine maintenance, inspections, and testing of engines.
- Conduct mechanical assessments for diagnosis and fault finding in machinery ensuring efficient repair, maintenance and servicing to keep our fleet on the road
- Service the entire fleet including trucks, trailers, dollies and motor vehicles in adherence to our Maintenance and Workshop procedures.
- Maintain accurate records of maintenance, repairs and parts used ensuring compliance with company Policies & Procedures
- Ensure all repairs are completed to high safety and operational standards.
- Collaborate with other team members to ensure timely and efficient service delivery.

Essential Skills and attributes:

- A min. 2yrs experience as Diesel Mechanic working on fleet vehicles/trailers etc.
- Trade qualified Diesel Mechanic
- Australian recognised Heavy Vehicle Diesel Mechanic Trade Qualification (Preferred)
- Must have rights to work in Australia
- Motor Vehicle Repairer's Certificate (Preferred)
- Drivers' license (MR / HR license required)
- Previous 2 work references
- Dedicated and reliable and a team player willing to collaborate with colleagues
